(the episode begins with Lock, Breta, Juzan, and Hanzo visiting Tino in the infirmary)

Lock: Hey Tino, you alright?

Tino: Yeah, I'll be fine. How's the tournament going?

Breta: Juzan won the last match, but we're still down two to one overall.

Tino: Who's fighting right now?

Juzan: No one. The tournament committee called an intermission because Headmaster Ozana had to go to the bathroom.

Tino: They stopped the whole tournament just for that?

Juzan: Well...he threatened to poop in the ring if they didn't.

Tino: I wish I could be there with all you guys. I sorry for letting you all down.

Breta: You didn't let any of us down, Tino. You did your best and that's all anyone can ask of you.

Hanzo: Yeah, besides I'm sure one day we'll all look back on this and laugh.

(he then starts to leave the room, but stops to turn around)

Hanzo: Like today. (he laughs at Tino) Loser!

Breta: Is that the only reason you came? Just to say that line?

Hanzo: (pausing for a second)...Yes. (he leaves)

Doctor: Tino should be fine in no time at all. He has no serious injuries.

Lock: That's good to hear.

Breta: It's strange, most people on Drakon's team probably wouldn't have ended the match until they had seriously injured you. But Dredsor just seemed to want to get it over with. For the champion of Drakon School he doesn't have the same bloodlust that the rest of his teammates do.

Tino: Yeah, I've thought about that too...but I'm not complaining. All in all, this wasn't nearly as bad as what Rondo did to me last year.

Juzan: We should get back to the arena, the intermission should be over soon.

Lock: Right. Take care Tino.

Breta: We'll see you soon.

Tino: Thanks for checking in on me.

(the heroes leave as the scene goes to Targon and Larina in front of the ring)

Targon: And the last sponsor we'd like to thank, the most wholesome food on the planet, C.R.A.P...that's right. Concentrated rice, apples, and peas. All mixed together for one awesome energy bar! Mmmm, more C.R.A.P. please!

Larina: Cut the crap, Targon. I've just been informed that the intermission is over. The tournament will now continue.

Targon: Great! And what better snack to enjoy while watching the tournament than C.R.A.P.?

(Larina glares at him)

Targon: What? There's nothing wrong with heavily advertising a sponsor that I may or may not have invested in.

(Larina shakes her head)

Larina: Anyway...the last match before the intermission was a very entertaining fight, (glaring at Targon) what did you think Targon?

Targon: I agree. It looked like Juzan was done for but somehow he was able to score the first win for Ozana this year. Probably because he's been eating lots of C.R.A.P. bars in between his training. I know I do, it's the food of the immortals!

Larina: (stomping on Targon's foot) It's time for the next match to start. Fighters please report to the ring.

(both fighters enter the ring, the Drakon student, Rilos, is handsome, all the women in the audience go nuts for him)

Maxi: Wow, who's this Adonis?

Cheerleader 2: Can we do a cheer for him?

Juzan: Hey, I'm supposed to be the one who gets all the girls! Who does this guy think he is?

Breta: One of the most handsome men I've ever seen.

Lock: Hey!

Breta: Sorry.

(both fighters charge their auras, Rilos has an orange aura and his opponent has a green one, they both get into stances)

Larina: Fighters ready...begin!

(the Ozana student flies at Rilos, trying to punch him. Rilos easily grabs his fist and kicks the student hard, sending him flying into a corner post.)

Drakon: That's more like it. I knew I could count on Rilos to get the job done.

Musa: Yet another strong fighter with an orange aura. There's just no weak link on Drakon's team.

Lock: I know. I can tell this guy's really good too. He knows exactly what he's doing out there.

Juzan: (annoyed) He's not that great.

(when the Ozana student gets up, Rilos warps behind him and begins to pummel him, all the female fans cheer him on)

Juzan: I hate this guy. I hope I get to fight him eventually.

(Rilos uppercuts his opponent into the air, then fires a large blast that hits dead on. The Ozana student falls straight down and appears knocked out.)

Larina: What an attack! Let's start the count. One...two...three...four...five...six.

Lock: This match is over.

Breta: Strong and handsome.

Lock: Hey!

Breta: Sorry...again.

Larina: Seven...eight...nine...ten. That's it, Rilos is the winner by count-out! And if he's listening I'd be happy to give him my number after this tournament is over.

Targon: Um...right. Anyway that win gives Drakon School a comfortable lead, three wins to one.

Larina: The next match is Breta vs. Braun, fighters please enter the ring.

Juzan: Another convenient first round match.

Breta: This one's alright. I've waited a year for this rematch.

Lock: Be careful out there, we can't have a repeat of what happened last time you two fought.

Breta: Trust me Lock, I'm ready for him this time. Drakon's seriously going to regret ever making this rematch.

(she heads to the ring, the cheerleaders cheer for Breta but she looks very determined)

Braun: Master Drakon, I can't thank you enough for making this match.

Drakon: Think nothing of it, just promise to beat her even worse than you did last year.

Braun: My pleasure.

Drakon: She's one of Lock's close friends so if you crush her Lock will probably confront you, at which point I'll have the tournament committee disqualify him.

Braun: Right.

(he heads to the ring as well, he and Breta stare each other down while they're walking)

Lock: Breta looks really determined, I sure hope she wins this match. If Braun tries to injure her again I don't care if I get disqualified, I'm going to take him down.

Musa: That's probably just what Drakon's hoping for.

(Breta and Braun get into the ring, Braun looks very cocky)

Targon: Seeing these two fighters in the ring again definitely brings back eerie memories of last tournament.

(flashback)

(Breta and Braun attack each other again, trading blows for a while, eventually Braun elbows her in the face, knocking her down, Braun picks her up by the arm and holds her up, punching her in the stomach a few times, finally Breta summons up strength and blasts him in the face with her free hand, Braun is sent back down to the ring floor and Breta also falls down.)

Braun: You can't beat me.

(Braun flies at Breta and tries to punch her, but she flies up at the last moment to avoid the hit, but all of a sudden Braun warps behind her and grabs her)

Tino: Oh no!

Braun: Going down?

(Braun flies down to the ring, still holding Breta and at the last moment releases her, sending her hard into the ring floor and landing next to her, she hits so hard the ring cracks under her)

Lock: Breta!

(Breta tries to get up)

Breta: (thinking) I can't give up now, I know I can win.

Lock: No! Stay down!

Breta: (thinking) I owe it to my friends to keep going. I won't let them down. Even if it kills me in the end I'll keep going.

(as Lock, Juzan, Tino, and the others watch on in horror, Braun lifts her up by the throat, he charges his fist and looks over to Ozana's waiting room, smirking at Lock and Juzan before punching her in the face extremely hard, she goes flying and hits a corner post, breaking through it and landing out. Braun smiles at his victory and Lock, Juzan, and Tino run over to her.)

Lock: (holding Breta in his arms) No!!!

(the flashback ends with Breta staring down a smirking Braun in the ring)

Larina: It's a strange coincidence that these two would end up facing each other in the very first round.

(Drakon glares over at her when he hears that)

Musa: This is definitely the biggest match of the tournament so far. Braun was Drakon's number two fighter last year.

Targon: Let the fifth match of the first round begin!

(Breta charges her orange aura and Braun charges his red aura)

Braun: I'm going to injure you again this year and I'm going to enjoy every moment of it. I'm even stronger than last year. And instead of taking my time I'm going to crush you from the very beginning. No one your size could ever defeat someone like me!

Breta: (getting into stance) Ever heard of David vs. Goliath?

Braun: Fine, just see for yourself!

(he flies at her and tries a punch but Breta easily warps away and re-appears where he started)

Braun: Stay still! Fight like a man!

Breta: It seems like the more your strength goes up, the more your brain shrinks. In case you've forgotten I'm not a man.

(Braun attacks again but Breta is able to dodge all of his attacks, Breta then warps away, Braun looks a little frustrated)

Lock: Keep it up Breta!

Juzan: You know, we really don't know how good Breta is. Since she forfeited her match with you we never got a chance to see what she can really do during the Ozana tournament.

Lock: Yeah, I hadn't thought about that.

Musa: Don't forget the fact that she wasn't injured by Drakon's students on that day so she was able to train all those months you two were injured. I've got a feeling we're about to see a Breta that we've never seen before.

Braun: I'll get you eventually, you can't run forever.

Breta: I'm not running, I was just testing you. I wanted to see if only your power had increased since last year, and I'm right. Your speed is basically the same as it was before. And when you add that to the fact that my speed has doubled since last year the result is you can't even land a single hit on me.

Braun: We'll see about that!

(he attacks again but Breta is still able to dodge his moves no matter how hard he tries to hit her)

Ms. Hancock: (thinking) She isn't even trying and he still can't touch her.

(Breta warps away from him again, creating a little distance between them)

Braun: Why you!

Breta: It's time I went on the offensive and showed you what I can really do!

(she charges her aura in the offensive stance and instantly vanishes, reappearing in front of him and kicking him in the face. She vanishes again, reappearing behind him. Braun turns around and she warps to his side, kicking him again. Right after she hits him she warps away, and Braun can't keep up with her speed. Every time she reappears and hits him she vanishes again before he can react. She hits him multiple times, warping away after each hit, Braun is still on his feet but looks overwhelmed.)

Lock: Incredible.

(as Ozana's team watches on in amazement she continues to warp around him, striking him from all sides at an even faster pace. Finally she warps in front of him and springboard kicks him over. Breta is smirking as a stunned Braun gets back up and notices some blood on his lip.)

Juzan: She's so fast!

(Breta charges him again and he fires two large blasts from each hand that she warps away from, reappearing in front of him and kicking him in the face again. She kicks him in the face a few more times, knocking him back a few steps then warps away when he swings at her, she reappears at his side and punches him multiple times in the gut,

finishing with a jumping knee as she flies over him and skids into a landing behind him. Everyone is amazed by how fast she's moving. Braun turns around and she instantly warps in front of him, kicking him in the gut. She warps away again and he turns his head again only to get a roundhouse kick in the face that sends him flying back. Breta lands and gets back into stance. Braun is still in shock as he nervously starts getting up.)

Lock: Her speed is amazing! I had no idea she was this strong!

(as soon as Braun gets up Breta warps in front of him and hits him multiple times, kicking him over again. A furious Braun jumps back up and attacks Breta with everything he has but she easily dodges every move before going on the offensive, pummeling him again before warping behind him, kicking him a good distance away.)

Lock: Nice, keep it up!

Drakon: What the hell is Braun doing out there!?

Rondo: This can't be! Braun's using his full power but he can't even land a single hit!

(as Breta continues to pummel Braun Tino enters Ozana's waiting area)

Musa: Tino, are you alright?

Tino: Yeah, the doctors just released me. They said I'm fine.

Lock: That's great to hear.

Tino: Yeah, besides, once I heard the next match was Breta vs. Braun I had to watch. How's it going so far?

Juzan: Breta's dominating. She's way too fast for him.

Lock: Yeah, you should really watch this Tino. It reminds me a lot of when we were kids and she used to beat up any bullies who picked on you.

Breta: Explosion Kick!

(she kicks Braun hard, it knocks him over and he gets back up a few seconds later)

Braun: Explosion kick? Where's the exp-

Breta: (smirking) Should be right about now.

(there's instantly an explosion right where Breta kicked Braun on the side of his face, when the smoke clears Braun is on one knee. He gets to his feet and looks nervous.)

Breta: Sorry, maybe that one was a little over the top for you. It's a special kick that uses a delayed energy reaction, kind of like a ticking time bomb. Hence the name "Explosion Kick". That's alright though, I can do it again if you missed it.

(she charges her aura and flies at him, he tries to hit her but she warps to his side)

Breta: Explosion Kick!

(she kicks him in the face, knocking him over. As she lands he quickly gets up and charges her. She calmly stands there and a second before he hits her there is an explosion where she kicked him. When the smoke clears he's knocked down on the ground and looks hurt.)

Larina: Braun is down. One...two...three...four.

(Braun gets back up to his feet but looks hurt)

Drakon: I can't believe what I'm seeing! Braun should be destroying her not the other way around!

Targon: Braun is back on his feet, this fight will continue.

(a furious Braun charges his aura in the offensive stance and gets into position for the Rhino's Charge)

Braun: Rhino's Charge!

Lock: Look out Breta!

(Braun warps away and Breta just stands there confidently, when Braun reappears for the head butt he strikes and after image)

Braun: What!?

(Breta appears behind him)

Breta: Looking for me?

(Breta goes on the offensive again and continues to move way too fast for Braun, he gets hit a multitude of times)

Lock: She's picking him apart out there. Braun doesn't know what to do, her speed is just too overwhelming for him.

Musa: Well, I think she's probably had this scenario planned out in her head for a while. It shows that Breta's a true warrior. She was dealt a devastating defeat that almost crippled her and instead of fearing a rematch with Braun she welcomed it.

Lock: (thinking) Just wait until my rematch with Rondo then.

(Breta knocks Braun down hard with a spin-kick)

Targon: One...two...three...four...five...six.

(Braun gets up again, he looks extremely angry)

Breta: So, have you had enough yet?

Braun: You! I'll kill you!

(still in a rage he flies over to one of the corner posts and snaps it off. He swings it like huge club at Breta, all of Ozana's fighters including Breta look very nervous)

Tino: Look out!

(Braun swings the post but Breta warps away)

Larina: Isn't that against the rules?

Targon: Well, it's up to the committee to disqualify him.

(they look over at the committee who don't even seem concerned)

Larina: I guess they're going to allow this.

(Braun tries to hit Breta with it again but she lands on the top of the pole and slides down, kicking him in the face and knocking him over)

Drakon: Come on Breta, pick up that post and use it on Braun...then I'll have the committee disqualify you for hitting your opponent with a weapon.

Rondo: You want Braun to get hit with that thing?

Drakon: I hope she crack his skull open with it, kill two birds with one stone. It appears as though Braun is no good to me anymore.

(Breta kicks the pillar out of the ring and instead charges the Supernova as Braun slowly gets up)

Breta: Supernova!

(Braun gets hit by the blast very hard and looks almost knocked out on the ground. Breta flies over to him.)

Larina: Braun might be down for good. One...tw-

Breta: I'm not finished yet. (she stomps on his throat to hold him down) What were you saying about injuring me again this year?

(Braun doesn't say anything in response, he can barely breathe and his face begins to turn blue)

Breta: Last year Lock showed you mercy and you repaid his kindness by literally spitting in his face the first chance you got. Well this time you're not getting off so easy. I'm not as nice as Lock and I've been waiting for this moment long enough!

(she charges another Supernova and aims it directly at his face)

Lock: She wouldn't...she'll permanently injure him or worse if she fires the Supernova at such a close range.

Musa: You can't stop her Lock, not this time. This is too personal.

Braun: (extremely nervous) Please...don't.

Breta: Sorry Braun, but you know what they say...payback's a bitch.

(she is about to fire the blast but Braun taps out, everyone is shocked, especially Breta)

Braun: Please don't...I give up...I'm sorry, just don't injure me.

Juzan: He tapped out!

Drakon: What a disgrace.

Larina: You heard it ladies and gentlemen, Breta is the winner via submission.

Lock: Phew, that was a close one. I think she really would have gone through with that attack.

Musa: It's not over yet, Lock.

Lock: What do you mean? Braun tapped-out, the match is over.

Musa: Then why hasn't Breta down-charged her attack?

(back in the ring, an upset Breta is still standing over Braun ready to fire the Supernova)

Drakon: Yes, if she attacks him after the match is officially over she'll be disqualified.

Lock: (calling to Breta) Don't do it Breta! Don't give in to your hatred! You don't have to do this!

(Breta looks at Lock, then down at Braun again and has another quick flashback of him punching her out of the ring last tournament, she looks like she really wants to fire the blast)

Lock: Please Breta, don't...you're better than that! Don't sink down to his level!

Breta: (signing) Fine.

(she down-charges the blast and walks over him, walking back to Ozana's waiting area)

Juzan: Remind me to always stay on your good side.

Lock: Thanks for not going through with that last attack. You would have regretted it later, believe me.

Breta: I know, thanks Lock. (she kisses him on the cheek)

Musa: Drakon would have made the tournament committee disqualify you if you had attacked him after the match was officially over, so good call.

Targon: Breta's victory cut's Drakon's lead down three to two. If Ozana can muster another win the score will be tied.

Larina: The next match is Hanzo vs. Kaiden! Fighters, please report to the ring.

(Hanzo is still hovering in deep meditation, Ozana's team watches on as Hanzo's red aura crackles around him, his eyes open and he looks very determined as the episode ends)
